The secret ingredient is love. It was a short distance from Anne Beiler's little town in the heart of Mennonite country to her humble farmer's stand that would become the first Auntie Anne's Pretzel store. But it was a long life journey for Anne to get there. Twist of Faith is more than the inspiring story of building a successful business; it's a personal journey of faith and forgiveness. From the death of her young daughter to surviving the rigors of building a successful business to struggles with depression, Anne offers a deeply personal view of her life. She says, "If you knew my life and understood where I came from, you would agree that Auntie Anne's, Inc. is a modern day business miracle." Twist of Faith is an inspiring look at the life of a woman who went from an 8th-grade Amish education to founding Auntie Anne's, Inc., the world's largest mall-based pretzel franchise.

A Twist of Fate is the story of seventeen-year-old Angel Johanson, a shy, self-conscious young woman striving to find her place in a world fraught with peril. As she struggles to understand what happened to her and get her mind off the young woman she never knew, she devotes herself to getting through another day. Her fight for survival leads her back to the family that rescued her. Angel has long accepted the circumstances she now faces and her newfound friends, with the exception of one—Sean Callenger. She finds herself both frightened and fascinated by him and his unusual family. Her stubborn focus to put the pieces of her own life back together leaves no room in her affections for Sean or the

romantic interest others try to proclaim for her. Determined not to show any feelings for Sean, Angel's friends scheme up Operation Romance—a sure plan to push her and get the two of them together. But just as Angel begins to succeed with keeping her thoughts and feelings to herself, she unveils his family's mystery, and suddenly, nothing seems sure.

My novel, *A Twist of Faith*, is based on stories my grandmother told me when I was a child about her trip from Northern Missouri to Oklahoma Territory to witness for The Lord. I have used: Grandma's stories, some experiences from my own life, a bit of Oklahoma history and a lot of imagination of my own to create the story of how one person's faith in The Lord can twist its way down through six generations.

A daring new direction begins with the arrival of a brand new villain in these stories from *WONDER WOMAN #41-47!* But while he may be new to us, he's not new to the world he seeks to tame. And speaking of villains, Donna Troy's quest to destroy Wonder Woman ratchets up another gear (if that's even possible!), while Wonder Woman is learning how to replace Ares as God of War. Plus, Donna Troy's fate becomes clear as she embarks on a journey that will either end her life or begin a new one, while Wonder Woman draws closer to the Amazon who tried to depose Diana as queen! This book is designed to challenge the way you think about religion and the theater of it. It is a simple truth that so far appears to escape us and is time for recognition that the God we all know is often times not the God we often hear about. We need to become the Christian that God has always known us to be.

In a *SIMPLE TWIST OF FAITH*, Leah Schiermeyer recounts her intense journey from Christianity to observant Judaism with honesty, emotion, and humor. Her story will warm your heart, and more importantly, give the reader a glimpse into the mighty acts of the Al-mighty. "Thus said the Lord of Hosts, Master of Legions: In those days it will happen that ten men, of all the different languages of the nations will take hold, they will take hold of the corner of the garment of a Jewish man, saying, 'Let us go with you, for we have heard that God is with you!'" Zechariah 8:23

Anne Smucker Beiler was born in Lancaster County, Pennsylvania, where she attended a two-room Amish school. Anne's journey is a remarkable story of failure and success. She persevered through a series of difficult personal struggles-including the tragic death of her second child, being betrayed

by someone she trusted implicitly, and a terrible six-year depression-to become the leading female franchise owner in the United States. What makes her story most extraordinary is her determination to help others by telling her full story-the good, the bad and the ugly.

From Ancient Greece to contemporary times, themes of fate and destiny have served as a central worldview for many. These compelling ideas have guided those in battle, and provided influence and inspirations for politicians, philosophers, and artists. Despite a pervasive concern with fate, we find that an explicit discussion of this construct is absent from psychological theory. *Twist of Fate* reconciles contemporary psychological research with the ancient and frequently held position of fatalism that was common in that era. The Greek mythological history of the "Moirae" (the triad of goddesses known as the "Fates") offers a unique perspective on human beings by illustrating how fate and destiny influence a variety of behaviors such as drug addiction, spirituality, sexual activity, aggression, and other applied psychological topics. An analysis of the "Moirae" integrates diverse ideas from evolutionary psychology, neuroscience, psychoanalysis, and Nietzsche's philosophy into a fatalistic view of the human personality. The analysis raises the issues of possibilities for personal change, the role of clinical interventions, and what role freedom actually plays in the human experience. *Twist of Fate* also accounts for recent developments in personality theory and research by shedding new light on findings from evolutionary psychology, narrative theory, and trait psychology. The result is an integrative personality theory that takes the reader from Nietzsche to neuroscience.

After a simple mix-up at a fertility clinic, two people find that, with a small twist of fate, perfection can come from places where one would least expect it.

Following the death of her adoptive mother, a woman discovers a photograph that leads her into a dangerous investigation of her past.

What happens when our lives are suddenly disrupted by chronic or terminal illness? Of course, science, family, faith and friends are there to help. But as author Dean Scaros demonstrates in this elegantly written and affecting book all the

issues we face as a result of illness have been expressed through human artistic sensibility. We have been seeking meaning and solace -- and have often found it - ever since we painted figures on the walls of our caves. This book considers - through the lens of great literature and art- issues that are important to us as we struggle to come to terms with progressive, debilitating illness: issues such as, personal dignity, courage, fear, hope, love, time, chance, fate and friendship, to name just a few. These issues are not physical or clinical. Rather they concern the ways in which we think and feel about our experience. Reflecting on them affords us an opportunity to better understand our experience and even gain a measure of wisdom from it.

Jackson lays bare the path to intimacy from the perspective of both partners in her book, *Intimacy: A Twist of Faith*. See into the depths of a woman's soul as she contemplates whether she has the strength to move past old wounds and enter into a new relationship with the man God intended for her. Get the perspective of a man who struggles to deconstruct the walls he has spent so long building to protect his most vulnerable places. Each chapter in this fast read marks the progress in their relationship with each other and their understanding of God's purpose for them as individuals and together.
