

Bible Revised Standard Version

The Revised Standard Version dramatically shaped the course of English Bible translation work in the latter half of the twentieth century. Its New Testament appeared in 1965; the whole Bible appeared the following year. It is still the translation used in official Church pronouncements, and served as the basis for the scriptural text used in the Catechism of the Catholic Church.

The history of Bible translation within the Catholic Church is characterized by a rich tradition of rendering the Scriptures into the language of the faith community. The CCNT features eight complete Catholic New Testaments that show the full range of expression for this central text of study, worship, prayer, and contemplation. A wide spectrum of people - including new and experienced Bible readers, homilists, and teachers - will gain from having this resource on their bookshelves. The Douay-Rheims, RSVCB, NRSVCB, and NAB are called formal equivalent translations (popularly referred to as "word-for-word" translations). This means that scholars rendered the New Testament's original language into English that is as close as possible to its original wording. The result is a translation that is particularly valuable for careful analysis of the text. Meanwhile, the JB, GNB, NJB, and Christian Community Bible represent the "thought-for-thought" school of Bible translation (technically described as dynamic or functional equivalent). This method places the priority on the intended meaning of the original vocabulary, adapting it to English syntax and grammar. Such a translation tends to be easier to read and understand. The texts are conveniently displayed on facing pages (four translations per page), with the same set of verses on each one. The order in which the translations appear on the pages demonstrates a progression in translation philosophy from formal to functional equivalency. Only major modern translation of the Catholic Bible available in standard English Acclaimed as most accurate, beautiful modern translation 1,100 pp.
