

mismo, a pesar de la gloria alcanzada, ha seguido siendo hasta su muerte un creador secreto y misterioso. En este libro, el primero aparecido en Francia y traducido a varios idiomas, el lector encontrará un retrato del realizador, un relato de su vida, un estudio sobre su relación con lo fantástico, reflexiones sobre su creación, testimonios de catorce colaboradores y un capítulo importante sobre su última obra, Eyes Wide Shut. Habiendo gozado de la confianza de Kubrick durante treinta años, Michel Clement ha podido reunir en este libro cuatro entrevistas, tanto más preciosas, por la reticencia del realizador a comentar sus películas. Esta edición definitiva, con filmografía y bibliografía actualizadas, contiene más de 400 ilustraciones, algunas inéditas. Un extraordinario homenaje a uno de los más grandes visionarios de nuestro tiempo.

La mirada de Aquiles es un libro que recoge, describe y analiza el gran acorde que representa la poética de Robert Lowell en la coyuntura de la literatura norteamericana contemporánea. Así concentramos nuestra mirada sobre la secuencia poética de Life Studies (1959), que interpretamos como epicentro irradiador del sistema imaginario de este poeta. Una secuencia que también supuso un punto de inflexión en la vida pública desde una yoidad que impulsó su universo íntimo y profundamente elegíaco hacia el exterior. Desde aquí se procede a profundizar en For the Union Dead (1964), para reflexionar sobre lo que denominamos como conflictividad axiológica estructural inherente al sistema imaginario de Lowell. Desde esta perspectiva se parte de la edición norteamericana que incluye ambas secuencias poéticas y que contiene la importante sección en prosa titulada '91 Revere Street'. La profundización en

estas dos secuencias líricas implica la revisión previa de un mapa de relecturas que afecta no sólo a la obra anterior de Lowell sino a toda la modulación de su sistema imaginario desde su temprana etapa creativa. Es un camino hacia y desde el mito buscando llenar el vacío de las crisis religiosas tanto del propio Lowell como del pensamiento occidental, tal como indica George Steiner. El poeta accede a Aquiles como referente. Así, desde la asimilación del mito construye su cosmovisión a partir de la palabra poética.

Extracto: ... do not penetrate the heart, we have heard it in vain. What, then, did they feel? They felt their sin, and feared the vrath of God. This, also, is as it should be. He who does not feel his sin with "godly sorrow" does not have the true faith.--Many hear the story of the death of Jesus with hearts as unmoved, as though it did not in the least concern them. It is not until we feel in our soul the sharp sting of the declaration, "thou art the man," that the question, "what shall I do?" becomes one of vital interest to us, and that the ear is open to hear the word concerning remission of sins. The inevitable truth is, that he only who repents of his sin can believe the gospel. Man does not hearken to the message of mercy without having given heed to the voice exhorting him to do penance. Proclaim to the world that God is merciful; shout the message into the

ears of men; preach it with the fiery eloquence of Peter, or with the impressive and loving voice of John, the "son of thunder;" give instruction with the clearness and power of the Spirit in regard to the value of Christ's grace, which brings salvation; and summon men to him in the heavenly and gentle words of the gospel, which seem almost irresistible;--it is all in vain; they do not hear, and will not come, although they may seem to hear, and to come nearer for a moment; they break away, and are lost, if they do not learn to know and repent of their sins.--You, on the other hand, who see that you deserve the wrath of God, and who now anxiously seek salvation; come, one and all, receive in the name of Jesus full forgiveness, and be comforted! You are baptized into Christ, and the promise is yours. It is the Holy Ghost who bends your heart in...

a partir de su encuentro con ella comprende que el caso involucra magia e hipnosis, migrantes ilegales y millonarios respetables, pero, sobre todo, que si desea detener al culpable debe infiltrarse entre surrealistas y dadaístas, dos grupos de artistas rijosos y explosivos, siempre en líos con las autoridades, y entre los cuales se hallan André Breton, Tristan Tzara y Man Ray: todos son sospechosos, porque todos tienen algo que ocultar. ENGLISH DESCRIPTION During a dark week in 1927, a man is killed under strange circumstances and his body appears in an alley in Paris. The discovery poses a chilling mystery: in addition to the odd color of the victim's skin, on his neck is a wound that cannot be attributed to any known weapon or predator. The case is assigned to the Night Brigade, a division of the French police specialized in impossible-to-solve crimes. Among the detectives is young Pierre Le Noir, who has a curious network of informants in the neighborhood, through which he meets a beautiful woman with dark motives for her interest in the body. After meeting her, he understands that the case involves magic and hypnosis, illegal immigrants and respectable millionaires. Above all, he learns that if he wants to catch the culprit, he must infiltrate surrealists and Dadaists, two explosive groups of artists who are always in trouble with the authorities, and who hang out with the likes of André Breton, Tristan Tzara, and Man Ray: they are all suspects, and they all have something to hide.

Camp Green Lake, a juvenile detention facility where there is no lake, and there are no

happy campers. In place of what used to be "the largest lake in Texas" is now a dry, flat, sunburned wasteland, pocked with countless identical holes dug by boys improving their character. Stanley Yelnats, of palindromic name and ill-fated pedigree, has landed at Camp Green Lake because it seemed a better option than jail. No matter that his conviction was all a case of mistaken identity, the Yelnats family has become accustomed to a long history of bad luck.
