

Express Series English For Legal Professionals By Andrew Frost

English Legal System 8/E This best selling book on the English legal system is a trusted and authoritative introduction to the legal system of England and Wales, used and appreciated by many students. It provides a lively and comprehensive guide to this ever-changing area, offering critical analysis of the existing laws and discussion of reform options, necessary for a good appreciation of the subject. Law Express: English Legal System 1/E Law Express: English Legal System is designed to help you to relate all the reading and study throughout your course specifically to exam and assignment situations. Understand quickly what is required, organise your revision, and learn the key points with ease, to get the grades you need.

"English as a Legal Language is a lawyer's plain language guide to English legal terminology. Anyone who finds it difficult to express legal terms in English simply looks under the general heading to find the relevant terms and their usage. This book can also be used to find explanations of words from a translating dictionary. Further, it is structured as a thesaurus, organized according to topic with an alphabetical index. More and more, lawyers need the English language. But attempts to convert the language to meet one's own purpose often result in misconceptions. English legal language has its roots in the Anglo-American legal tradition and the non-native speaking lawyer may have difficulty understanding a word choice in English without also seeing how it fits into legal thinking and relates to other words in the subject area as a whole. "English as a Legal Language offers a comparative lexicon of US and UK legal systems, with references to European legal systems. Special features of this work include: - The vocabulary of an entire area of law in each section; - A verb section which provides guidance on substantives, adjectives, adverbs, phrases, usage, as well as sample sentences and clues about typical mistakes; and - An index which gives an alphabetical rendition of the topically ordered definitions - essential for words that have multiple definitions. All lawyers working in English, and especially continental European lawyers, will find this book indispensable in their practices. The book is also of prime interest to business people, accountants, translators, legal secretaries and students. It will enable all practitioners and academics to express complex ideas in English, to understand the intricacies of English as a legal language, and to avoid the potential mishaps, when language barriers prevent a true meeting of minds.

International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of courts and arbitrators, as well as judgements of national courts.

Do you want to take exams with confidence? The answer is in your hands. Law Express helps you to get to the heart of the English Legal System, ensuring you get the most out of your study time when it really matters. The real reason for the emergence of this book is that it is hard to find resources to explain complex issues of the EU Law in plain language, which makes it very difficult for those taking an interest, in particular law students. Moreover, many years of teaching experience in this subject and seeing students experience difficulties is the key driver behind this book. This book does not repeat material that is available in many textbooks that are in print. Rather, it endeavours to present every topic in plain language and concludes every chapter with a fictitious explanatory sample case. In other words, it is an introduction to the subject of EU Law, the objective of which is to explain the topic both theoretically and in its application dimension. Additionally, this book will assist students to prepare for courseworks/examinations. At the end of the book there is also a test that summarizes all the subjects contained in the book, which is appropriate to the first stage SQE (Solicitors Qualifying Examination) examination model that will be introduced in September 2021. 'This is a clear and concise book with many helpful visual aids (diagrams, tables etc...) that make it very easy to follow. The content defines, explains and covers the key aspects of the English Legal System.' Ms Amel Ketani, Barrister and Senior Lecturer at BPP University 'Through explanation, questions and application examples, this book compliments traditional English Legal System textbooks in an easily accessible and practically useful way.' Dr Ryan Hill, Deputy Head of School, Anglia Ruskin University Law School

The Law of Trusts and Equitable Obligations provides students with a detailed and stimulating account of the law of equity and trusts. The fifth edition has been thoroughly updated by Warren Barr, senior lecturer at the University of Liverpool and Law Teacher of the Year 2006 in collaboration with Robert Pearce and John Stevens.

Exploring the advantages and disadvantages of codifying contract law, this book considers the question from the perspectives of both civil and common law systems, referring in detail to issues of international and consumer law. With contributions from leading international scholars, the chapters present a range of opinions on the virtues of codification, encouraging further debate on this topic. The book commences with a discussion on the internationalization imperative for codification of contract law. It then turns to regional issues, exploring first codification attempts in the European Union and Japan, and then issues relevant to codification in the common law jurisdictions of Australia, New Zealand and the United States. The collection concludes with two chapters which consider the need to draw upon both private and comparative international law perspectives to inform any codification reforms. This book will be of interest to international and comparative contract law academics, as well as regulators and policy-makers.

Helps you to get to the heart of the English legal system, ensuring you get the most out of your study time when it really matters. This book is designed to help you understand what is important about the English legal system and enable you to remember the important cases and statutes.

This revision guide is designed to help you get the most out of every answer you write by improving your understanding of what examiners are looking for, helping you to focus in on the question being asked and showing you how even a good answer can be improved.

Written in a deliberate and concise manner, devoid of United States colloquialisms, Drafting Contracts in Legal English: Cross-border Agreements Governed by U.S. Law is designed for classroom use as well as self-study. Teaching a strategic approach and sequential steps to drafting contracts, the text includes examples and exercises based on cross-border agreements such as distribution agreements, licensing, franchises and equipment leases. Special drafting issues in cross-border agreements are also considered: choice of language clauses, choice of forum clauses, indemnification provisions, force majeure clauses, counterpart clauses, international alternative dispute resolution clauses, and the choice to opt in or out of the CISG. By providing appropriate explanations of United States law, the text increases student comprehension as suggested drafting approaches are placed in legal context. This unique guide discusses the purpose of and provides drafting tips for contract parts, contract organization and formatting, basic contract provisions, letters of intent, and the craft of reviewing and revising contracts. End-of-chapter exercises test overall comprehension and apply drafting concepts presented in the chapter. To increase the non-native speakers lexical range, vocabulary is derived from a statistical analysis of thousands of authentic contracts. To help with contract sentence structures that are challenging for non-native speakers, syntax structures are based on comparison to databases with authentic contracts. A glossary of contract terms is based on frequency counts from thousands of authentic contracts and usage in text, contextualized and cross-referenced with most common collocations.
