Resources Human Resource Management addresses the study of HR in a realistic, practical, and stimulating manner. Examples of how HR management is practiced in the real world and the relationship between various HR topics are interwoven throughout the text, giving students a thorough introduction to the field based on sound theoretical concepts and practice. The Fourteenth Edition reveals HR's strategic importance to management and the overall health of an organization. The text also addresses the ongoing shrinkage of internal HR departments as many companies shift towards HR outsourcing, HR shared service centers, and professional employer organizations. Students should walk away with an appreciation for how the HR profession continues to shed its administrative image and while focusing on mission-oriented activities. Also available with MyManagementLab

MyManagementLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. MyManagementLab allows you to engage your students in the course material before, during, and after class with a variety of activities and assessments.

For courses in Human Resources Management. Human Resource Management provides students in human resource management courses and practicing managers with a full and practical review of essential HR concepts and techniques, with a particular focus on using human resource practices to improve performance, productivity, and profitability at work. This best-selling HRM text is designed with authoritative and current information on Human Resource Management that ALL managers can use in business. New topics can be found throughout the Fourteenth Edition, along with new features

Modern human resources: technology, social media, and management. Human Resource Management provides students with an introduction to the daily tools and skills they'll need to function as successful managers -- in both human resources and business in general. With a practical approach, the text explores the evolution of the field, highlighting the introduction of revolutionary new technologies and social media platforms. The 16th Edition focuses on the positive impacts technology has had on the HR field. For example, the ability to vet potential employees on the internet has shifted more HR responsibilities to managers, leaving HR departments with more time to carry out strategic, long-term endeavors for boosting employee performance and engagement. With a heavy focus on emerging industry trends, the text prepares students with everything they need to be successful managers and HR personnel in the 21st century. For courses in management . Pearson eText is a simple-to-use, mobile-optimized, personalized reading experience that can be adopted on its own as the main course material. It lets students highlight, take notes, and review key vocabulary all in one place, even when offline. Seamlessly integrated videos and other rich media engage students and give them access to the help they need, when they need it. Educators can easily customize the table of contents, schedule readings and share their own notes with students so they see the connection between their eText and what they learn in class -- motivating them to keep reading, and keep learning. And, reading analytics offer insight into how students use the eText, helping educators tailor their instruction. NOTE: This ISBN is for the Pearson eText access card. This book, Human Resources Management in Education, Developing Countries Perspectives, contains eleven chapters. Human resources in an educational organisation refer to all the human beings working in that organisation, including teachers, students, administrators and all other members of staff working in that organisation. The study of human resources management in education will provide you with a theoretical and practical knowledge about the processes of acquiring employees, establishing good relationships with them, training and developing them, retaining and compensating them for their services are important because effective school leadership and management have become very crucial in recent times in the management of educational organisations. Numerous problems are facing many school systems in developing countries today and human, financial and material resources are scarce, and therefore strategic management of all resources
