Linda Goodman is the world's best-known astrologer. Her three books, *Sun Signs*, *Love Signs*, and *Star Signs* have sold over 40 million copies in many languages. Known to her friends as both a poet and a romantic, Linda Goodman's view of the world was influenced by the astrology she understood so well. That unique combination of talents produced this charming and profound book. These poems about love and loss, death and reincarnation, beauty and romance, all seen through the prism of an astrological landscape, teach us how this fascinating science helps weave the fabric of our lives. But even more than that--like most great poetry, they make the heart sing and the spirit soar, and give us the wisdom to appreciate that the dance is eternal. Bringing the ancient matchmaking tool of astrology into the 21st century, *The Astrology of Love & Sex* explores the romantic and sensual sides of the zodiac. In 12 detailed chapters, astrologer Annabel Gat divulges how each sign likes to flirt, date, and fool around. Going beyond traditional heteronormative gender roles, the book candidly explores love and lust in today's sexually fluid world. From love philosophies to sexual inclinations, readers will enjoy dissecting and analyzing each passage. With unique compatibility profiles matching

The motivations customers act on are seldom logical, predictable, or even conscious. Instead, their strongest responses stem from one source: emotion.

It's a deceptively simple reality. But it permanently changes the way organizations must go about understanding their customers. *Why Customers Really Buy* introduces emotional-trigger research, a revolutionary new approach that uncovers the core, unfiltered, and spontaneous triggers that drive customer sales.

Traditional market research is outmoded and counterproductive because old methods measure rather than inform. They generate predictable answers that confirm preconceived assumptions. Emotional-trigger research is a powerfully different method that gets to the heart of what companies need to know.

Based on an indirect approach that features provocative questions, insightful listening, and in-depth conversations, the results are more spontaneous and enlightening. This book equips sales and marketing professionals with:
