Management 4e is an introductory text that provides internationally accepted management theories within the framework of South African and southern African organisational practices. Le manuel de Don Hellriegel et de John Slocum paraît dans une dixième édition américaine entièrement refondue et actualisée. Si son succès ne se dément pas, comme le démontre cette nouvelle parution, cela est surtout dû au fait qu'ayant pour objectif de former les responsables d'entreprise et les étudiants aux aspects humains du management, il propose un cadre solide de connaissances et une approche pragmatique sur le sujet. Mettant l'accent sur le facteur humain dans la gestion des organisations et étudiant son influence sur la prise de décision des managers, les auteurs abordent des questions comme l'interprétation des comportements individuels et la motivation sur le lieu de travail, la gestion des ressources humaines dans un contexte multiculturel, la conduite d'équipes, le règlement des conflits et les négociations ou le pilotage du changement dans une organisation. Dans cette nouvelle édition, Don Hellriegel et John Slocum illustrent leurs développements sur les concepts du management par l'emploi de nombreux exemples tirés de la vie des affaires, par la présentation d'études de cas approfondies et par l'exploitation des recherches les plus récentes dans ce domaine. Placé, au fil des chapitres, devant des problèmes de gestion à résoudre, le lecteur – responsable actuel ou futur d'une organisation - est donc amené à analyser le comportement qu'il adopterait, face à des difficultés semblables, et à réfléchir aux solutions qu'il pourrait préconiser.
