Describes the physical characteristics and behaviors of spiders, sharks, tigers, and wolves, and reveals how these predatory creatures catch their prey.

Provides more than 250 photographs originally published in "National Geographic" that emphasize the Earth's beauty, majesty, and wonder, from day-old robins to a group of stars beyond the Milky Way.

Presents a collection of 260 photographs that offers panoramic views of scenes from every region of the world.

Depicts the last 125 years of history through the unforgettable images that appeared in National Geographic, from the organization's beginning as a scientific club to its growth into other disciplines including space exploration, climatology and archaeology.

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals-especially those that are endangered. His powerful message, conveyed with humor, compassion, and art- to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those

facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

Follow ferocious predators as they stalk, chase, and ambush prey. Investigate what makes these animals some of the most incredible hunters, including their teeth, claws, hunting methods, and more. Young readers can explore the amazing world of Earth's fiercest animals in this level 1, 2, and 3 reader collection. Fascinating science information is accompanied by striking photographs that pique kids' curiosity and inspire them to learn more about the natural world. National Geographic Readers have been a hit in the competitive beginning reader category, and this book follows upon that success with the same combination of careful text, brilliant photographs, and the fun approach to the high-interest subject of predators that has proven to be a winning formula with kids.

National Geographic Simply Beautiful Photographs takes readers on a spectacular visual journey through some of the most stunning photographs to be found in National Geographic's famed Image Collection. Award-winning photographer Annie Griffiths culled the images to reflect the many variations on the universal theme of beauty. Chapters are organized around the aesthetic concepts

that create beauty in a photograph: Light, Composition, Moment (Gesture and Emotion), Motion, Palette, and Wonder.

"Targeted to fans of Simply Beautiful Photographs, the 2014 offering in National Geographic's iconic line of large-format photo books illuminates the power of photography to witness, reveal, persuade, celebrate, explore and change the way we see the world. Capturing the moment in which a firecracker explodes into a burst of electric energy or the last rays of the sun as it stretches across a red-rock valley, certain special photos offer an unrivalled conduit to the world around us. Shot by National Geographic's most renowned photographers and peppered throughout with inspiring quotations, Stunning Photographs is a vibrant tapestry of images that showcases the medium's ability to reveal extraordinary moments of wit and discovery, harmony and intimacy, energy and joy. Definitive, striking, and always unstaged, the remarkable pictures in this book will appeal to all who want to enjoy the smorgasbord of colors, textures, and sensations that comprise the fabric of everyday life"-- Spearheaded by The Duchess of Cambridge, Patron of the National Portrait Gallery, Hold Still was an ambitious community project to create a unique collective portrait of the UK during lockdown. People of all ages were invited to submit a photographic portrait, taken in a six-week period during May and June 2020, focussed on three core themes - Helpers and Heroes, Your New Normal and Acts of Kindness. From these, a panel of judges selected

100 portraits, assessing the images on the emotions and experiences they conveyed. Featured here in this publication, the final 100 images present a unique and highly personal record of this extraordinary period in our history. From virtual birthday parties, handmade rainbows and community clapping to brave NHS staff, resilient keyworkers and people dealing with illness, isolation and loss. The images convey humour and grief, creativity and kindness, tragedy and hope - expressing and exploring both our shared and individual experiences. Presenting a true portrait of our nation in 2020, this publication includes a foreword by The Duchess of Cambridge, each image is accompanied by an extended caption and further works show the nationwide outdoor exhibition of Hold Still.

This glorious book of photography, featuring more than 200 magnificent National Geographic images of all 50 states, is a gift-worthy celebration of America's unique natural and cultural treasures. America the Beautiful showcases the stunning spaces closest to our nation's heart--from the woods in the Great Appalachian Valley that Davy Crockett once called home to the breathtaking sweep of California's Big Sur coast to the wilds of Alaska. It also celebrates the people who have made this country what it is, featuring a wide range of images including the Arikara Nation in the early 1900s and scientists preparing for travel to Mars on a Hawaiian island.

Culled from more than 130 years of National Geographic's vaunted archives, this provocative collection depicts the splendor of this great nation as only National Geographic can, with a dramatic combination of modern and historical imagery--from the creation of architectural icons like the Golden Gate Bridge and Lady Liberty to the last of the country's wild places currently preserved in our national parks. Organized by chapters focused on region (west coast and the Pacific, east coast, the south, and the Midwest) that are themselves inspired by verses of the original poem America the Beautiful, this book also features a moving introduction offering perspective on the country's unique journey. You'll also find behind-the-scenes commentary from the world-renowned photographers who captured this unforgettable imagery, and observations from the conservationists, activists, and historians who help keep America beautiful today. Profound and inspiring, this is a book for everyone who has ever marveled at the beauty of the United States. Collects photographs from around the world involving the different ways people work.

Two hundred color and black-and-white photographs spanning nearly a century showcase the stellar careers of four legendary National Geographic photographers who created a visual record of the history, science, culture, and people of an era, in a volume celebrating the work of Maynard Owen

Visions of Earth raises a curtain on the wonders of the world and thrills us with nature's opulence and humanity's splendor. Each image alone exposes a nugget of our planet's magnificence; the totality of the collection goes beyond our imagination. Turning the pages, viewers are struck by the richness of life on Earth. One photograph is more awe-inspiring than the next--chosen by veteran National Geographic Magazine photo editors to present what is visually incredible. The photographs are drawn from the popular "Visions of Earth" feature in the magazine, (rated #1 by readers), from our own storied Image Collection, and from renowned photographers throughout the world, many never-before published. Enthralling images fill the book in a gallery of stunning landscapes, fascinating people, amazing animals, and unexpected glimpses of the usual and unusual. Puffins' beaks signal breeding time in Norway and a speckled emperor moth in South Africa diverts predators with an illusion. An elephant takes a morning dip in India's Andaman Sea while Siamese crocodiles race in Thailand and surfers in Australia relish a perfect day. Monks in Bhutan run to dinner and a little girl in red stands out among white-robed women in an Indonesian mosque. Spanish youth decked in colorful, oversize papier-mch heads celebrate a festival in Catalonia

and a flower of flame blooms from a man's kerosene-filled mouth in a Sikh celebration in India. Around the globe, amazing moments are captured in time, from a spray of flash frozen petal fragments in California to a truck show of chrome-covered and gleaming neon rigs half the world away in Japan. Visions of Earth is a welcome escape from the news of natural disasters, conflict, political upheaval, and social unrest that fills our lives. The book delights our senses, ignites our emotions, and renews our optimism, showcasing the many ways that our world is a marvel to behold and a privilege to call home. When the Comedy Wildlife Photography Awards announced a contest for the funniest animal photo, they received entries from all over the world. Now authors and original award founders Paul Joynson-Hicks and Tom Sullam showcase the best of the best as well as some never before seen to present the most joyful photographs of wildlife ever printed. An elegant collection of the best artwork and photography from the National Geographic archives depicting the magnificence of birds. Bird, nature, and art lovers alike will treasure this sumptuous visual celebration of the colors, forms, and behaviors of the winged wonders who share our world as they have been explored, displayed, and revealed throughout the years by National Geographic. The book moves chronologically so readers witness the tremendous growth in our knowledge of birds over the last 130

years, as well as the new frontiers in technology and observation--from luminous vintage paintings and classic black and white photographs to state-of-the-art high-speed and telephoto camera shots that reveal moments rarely seen and sights invisible to the human eye. The wide diversity of pictures captures beloved songbirds outside the kitchen window, theatrical courtship dance of birds of paradise, tender moments inside a tern's nest, or the vivid flash of a hummingbird's flight. Readers will delight in seeing iconic species from around the world through the eyes of acclaimed National Geographic wildlife photographers such as Chris Johns, Frans Lanting, Joel Sartore, and Tim Laman and reading excerpted passages from Arthur A. Allen, Roger Tory Peterson, Douglas Chadwick, Jane Goodall, and other great explorers. Exquisitely produced and expertly curated, this visual treasury displays as never before the irresistible beauty, grace, and intelligence of our feathered friends. A collection of nearly three hundred photographs from "National Geographic," representing the work of more than one hundred fifty acclaimed photographers, captures portrait images of people from around the world.

Includes photographs by Annie Griffiths and other National Geographic photographers.

Inside account of one of the greatest cricket tours of all time – and the unique characters who played. The 1948 Ashes tour is considered one of team sport's greatest achievements - no matter which sport or which era. Just what is it about this gruelling summer of cricket that still inspires and fascinates players and fans alike? When bestselling author Roland Perry was writing his definitive biography of Donald Bradman, he had unrivalled access to the man who made this Ashes series a unique sporting competition - not simply another series of first class cricket matches played in dismal post-War Britain. In BRADMAN'S INVINCIBLES, Perry draws on his extensive interviews with The Don himself - who led his squad with the precision, focus and ruthless determination of a General running a military campaign - as well other members of the tour. He takes us onto the field and into the minds of a complex, talented group of men who didn't always see eye to
