

Ocr A Level Economics Workbook Macroeconomics 2

Because time, money, and resources are never enough to allocate, people as small as individuals, families, companies, and governments have to make frequent choices- choose to watch TV first, and then do homework; choose to save pocket money to buy books instead of snacks; Should the government choose to print money to save the economy or increase public construction to create jobs? The government will also use incentives, such as raising fines, to influence people's choices. Economics is to help us make better choices, make our lives, and make the world a better and fair world.

Exam Board: OCR Level: A-Level Subject: Economics

This resource file for teachers has been created to provide support to those following the OCR specifications. It provides a clear way to cover the OCR GCSE course completely and support the OCR Certificate of Achievement, so teachers can help students to get the best grades they can. The file contains plenty of help with teaching the specification content, and examiners' tips on how to get the best from your students. There are photocopiable worksheets, for class or homework. It shows where the Citizenship programme of study is covered in these resources, so you can be confident you're including it in your teaching; helps you to teach a wide range of abilities, from Foundation or Higher at GCSE to Certificate of Achievement level; and identifies where tasks will provide evidence for Key Skills. There is also a free student book included.

Written by a senior examiner, John Hearn, this OCR AS Economics Student Unit Guide is the essential study companion for Unit F582: The National and International Economy. This full-colour book includes all you need to know to prepare for your unit exam: clear guidance on the content of the unit, with topic
