Master storyteller Stephen King (writing as Richard Bachman) presents this gripping and remarkable New York Times bestselling crime novel about a damaged young man who embarks on an ill-advised kidnapping plot—a work as taut and riveting as anything he has ever written. Once upon a time, a fellow named Richard Bachman wrote *Blaze* on an Olivetti typewriter, then turned the machine over to Stephen King, who used it to write *Carrie*. Bachman died in 1985 (“cancer of the pseudonym”), but this last gripping Bachman novel resurfaced after being hidden away for decades—an unforgettable crime story tinged with sadness and suspense. Clayton Blaisdell, Jr., was always a small-time delinquent. None too bright either, thanks to the beatings he got as a kid. Then *Blaze* met George Rackley, a seasoned pro with a hundred cons and one big idea. The kidnapping should go off without a hitch, with George as the brains behind their dangerous scheme. But there's only one problem: by the time the deal goes down, *Blaze's* partner in crime is dead. Or is he?

Masterfully told and as suspenseful as it is haunting, *The Green Mile* is Stephen King's classic #1 New York Times bestselling dramatic serial novel and inspiration for the Oscar-nominated film starring Tom Hanks. Welcome to Cold Mountain Penitentiary,

The authors tell the highest of high-stakes stories: what might happen if women disappeared from the world of men?

From international bestseller Stephen King, a high-concept, ingenious and terrifying story about the mayhem unleashed when a pulse from a mysterious source transforms all cell phone users into homicidal maniacs. There's a reason cell rhymes with hell. On October 1, God is in His heaven, the stock market stands at 10,140, most of the planes are on time, and Clayton Riddell, an artist from Maine, is almost bouncing up Boylston Street in Boston. He's just landed a comic book deal that might finally enable him to support his family by making art instead of teaching it. He's already picked up a small (but expensive!) gift for his long-suffering wife, and he knows just what he'll get for his boy Johnny. Why not a little treat for himself? Clay's feeling good about the future. That changes in a hurry. The cause of the devastation is a phenomenon that will come to be known as The Pulse, and the delivery method is a cell phone. Everyone's cell phone. Clay and the few desperate survivors who join him suddenly find themselves in the pitch-black night of civilization's darkest age, surrounded by chaos, carnage, and a human horde that has been reduced to its basest nature...and then begins to evolve. There's really no escaping this nightmare. But for Clay, an arrow points home to Maine, and as he and his fellow refugees make their harrowing journey north they begin to see crude signs confirming their direction. A promise, perhaps. Or a threat... There

are 193 million cell phones in the United States alone. Who doesn't have one? Stephen King's utterly gripping, gory, and fascinating novel doesn't just ask the question "Can you hear me now?" It answers it with a vengeance.

"The four never-before-published novellas in this collection represent horror master King at his finest, using the weird and uncanny to riff on mortality, the price of creativity, and the unpredictable consequences of material attachments. A teenager discovers that a dead friend's cell phone, which was buried with the body, still communicates from beyond the grave ... A series of apocalyptic incidents [bears] out one character's claim that 'when a man or a woman dies, a whole world falls to ruin.' 'Rat' sees a frustrated writer strike a Faustian bargain to complete his novel, and in the title story, private investigator Holly Gibney ... faces off against a ghoulish television newscaster who vampirically feeds off the anguish he provokes in his audience by covering horrific tragedies"--Publishers Weekly (03/09/2020)

Now a major motion picture! Stephen King's #1 New York Times bestseller is a "wild, powerful, disturbing" (The Washington Post Book World) classic about evil that exists far beyond the grave—among King's most iconic and frightening novels. When Dr. Louis Creed takes a new job and moves his family to the idyllic rural town of Ludlow, Maine, this new beginning seems too good to be true. Despite Ludlow's tranquility, an undercurrent of danger exists here. Those trucks on the road outside the Creed's beautiful old home travel by just a little too quickly, for one thing...as is evidenced by the

makeshift graveyard in the nearby woods where generations of children have buried their beloved pets. Then there are the warnings to Louis both real and from the depths of his nightmares that he should not venture beyond the borders of this little graveyard where another burial ground lures with seductive promises and ungodly temptations. A blood-chilling truth is hidden there—one more terrifying than death itself, and hideously more powerful. As Louis is about to discover for himself sometimes, dead is better... The #1 national bestseller about a woman who escapes an abusive marriage is “one of Stephen King’s most engrossing horror novels. Relentlessly paced and brilliantly orchestrated...fueled by an air of danger immediate and overwhelming” (Publishers Weekly). "What woke her up was a single drop of blood, no larger than a dime." After surviving fourteen years of hell in a violently abusive marriage, Rosie Daniels finally summons the courage to flee for her life. But leaving her husband, Norman, for a new city and a new start is a very daunting prospect. It's hard for Rosie not to keep looking over her shoulder, and with good reason—Norman's a police officer with the instincts of a predator, a force of relentless terror and savagery...a man almost mythic in his monstrosity. He's very good at finding people, even if he is losing his mind. Rosie's only hope for salvation may lie in a far more dangerous place, where she must become her own myth and the woman she never knew she could be.... "Riveting, engrossing . . . packed with suspense." —People "Relentlessly paced and brilliantly orchestrated, this cat-and-mouse game of a novel is one of King's most engrossing and topical horror

In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis' parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which are other kids with special talents--telekinesis and telepathy--who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and 10-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from The Institute. One of the Ten Best Books of The New York Times Book Review Winner of the Los Angeles Times Book Prize Soon to be a miniseries from Hulu starring James Franco This enhanced ebook edition contains a 13-minute film, written and narrated by Stephen King and enhanced with historic footage from CBS News, that will take you back—as King’s novel does—to Kennedy era America. On November 22, 1963, three shots rang out in Dallas, President Kennedy died, and the world changed. What if you could change it back? Stephen King’s heart-stoppingly dramatic new novel is about a man who travels back in time to prevent the JFK assassination—a thousand page tour de force. Following his massively successful novel *Under the Dome*, King sweeps readers back in time to another moment—a real life moment—when everything went wrong: the JFK assassination. And he introduces readers to a character who has the power to change the course of history. Jake Epping is a thirty-five-year-old high school English teacher in Lisbon Falls, Maine, who makes extra money teaching adults in the GED program. He receives an essay from one of the students—a gruesome, harrowing first person story about the night 50 years ago when Harry Dunning’s father came home and killed his mother, his sister, and his brother with a hammer. Harry escaped with a smashed leg, as evidenced by his crooked walk. Not much later, Jake’s friend Al, who runs the local diner, divulges a secret: his storeroom is a portal to 1958. He enlists Jake on an insane—and insanelly possible—mission to try to prevent the Kennedy assassination. So begins Jake’s new life as George Amberson and his new world of
