With a Foreword by Denis Morrice, former president of The Arthritis Society Living Well with Arthritis is written by Canadian doctors for Canadians. Its authors, all respected experts in the field, focus not only on medications and complementary treatments, but also on management of the many aspects of life that arthritis can affect. Topics such as dealing with chronic pain and fatigue, developing emotional and social coping strategies, and managing relationships and sexuality are all explored. In user-friendly language, the authors take readers through the steps of diagnosis, how the body is affected, and ways to manage the disease. They describe all the established treatment options, including new medications and their side effects, and alternative therapies, and they help readers determine when surgery is necessary. They also outline recent advances in the field and discuss where these breakthroughs may lead us.
