

In Book Two, Psychic Liam Baker and Detective Kimball Thompson have embarked on a romantic relationship after battling the deadly and powerful psychic, Steven Pine months ago. They ended his brutal killing spree of young male prostitutes, and he's safely in jail. But when someone starts murdering young college girls, some disturbing clues seem to lead back to Steven Pine. But he's locked up and awaiting trial. There's no possible way he could be involved in the new murders. Yet Liam can't shake the chilling feeling that Pine has somehow figured out a way to reach out from his jail cell to continue murdering innocent victims.

An FBI agent must pick up the pieces of her life as she helps a woman receiving death threats in this thriller by the bestselling author of *After Shock*. There comes a time in every hero's life when they fall harder and farther than ever before and they face a choice that changes everything: to give up or claw their way back again. Lucy thought she'd made her choice two months ago when she sacrificed everything to save her family, but now she has to decide whether or not she can save herself... When honor, duty, and family collide . . . who would you save? *Hard Fall* is the fifth novel in the Lucy Guardino FBI Thrillers series. If you enjoy captivating suspense, intelligent storytelling, strong and vulnerable characters, and a freight-train pace, then you'll love this adrenaline rush of a heart-pounding thriller. Praise for the Beacon Falls novels "Combine Dirty Harry with a loving wife and mother and you might end up with Lucy Guardino. Fans of Lyons' hospital-set series will love the change of setting and thrilling pace. . . You won't be able to put this one down." —RT Book Reviews on *Snake Skin* "An action packed thriller from page one! An amazing fast paced story with characters that jump off the page and capture your heart. A must read!" —My Book Addiction on *Blood Stained*

*EVIL LIKE ME* Inspired by true events Classified paranormal research and an inconceivable bid for global dominance become an electrifying struggle between world powers and one man. In 1970, based on extensive U.S. intelligence that the Soviet Union has developed psychic-weapons, the U.S. Government launched their own research into psychic-weaponry in a high-profile, public manner. By 1995, the U.S. Remote Viewer Program was abandoned and files declassified. But many believe the CIA simply took the psychic-weapons program underground. Decades later, when bizarre brain lesions are the only link in a string of Memphis murders, covert government operatives descend upon the city. Did the Feds come to help local law enforcement, or did they come to contain a problem and keep their top secret program on track? Homicide Detective Tony Wilcox listens to his gut. It doesn't take long before he knows he must find Hunter Keller, the only eyewitness to all unsolved murders, before the Feds. When Wilcox and the Memphis Medical Examiner Dr. Victoria Petty uncover shocking deceptions that go all the way to the U.S. Attorney General, they make it their mission to stop the monstrous threat. Can Wilcox and Petty find Keller in time? Does Hunter Keller hold the secret that will stop the killing, and more? Or will a new and unstoppable weapon of mass destruction be unleashed upon the world?

This is a critical study of the great British man of letters G.K. Chesterton, devoted to the novels, stories and essays that explore the darker fringes of his wild imagination. "Everything is different in the dark," wrote Chesterton; "perhaps you don't know how terrible a truth that is." Chesterton's use of the theme of "gargoyles" provides the thematic structure of the book. It covers the detective stories of Father Brown and others, the locked rooms and miracle crimes in his writing, his status as a science fiction writer, and the riddles and paradoxes of three works--*Job*, *The Man Who Was Thursday*, and the play *The Surprise*. This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press's *Collected Chesterton*.

A suspenseful, tongue-in-cheek adventure inspired by Bigfoot mythology traces the experiences of a hairy monster that stalks its woodland home and wreaks bloody havoc on unsuspecting campers in its quest for apocalyptic destruction. By the co-author of *It's in the Book*, Bob! 50,000 first printing.

If I could have put off meeting Thompson's family forever, I would have. But he made it crystal clear it was important to him, and I got the feeling if I blew it off again, I'd lose him. So, like a good boyfriend, I accompanied him to the rustic city of Big Bear, hoping for the best. I expected awkward moments, and funny looks from his family. What I didn't see coming was having to hang out with his perfect ex-lover, Alexander, and for dead bodies to start piling up. Working and living together, Thompson and I formed a bond I didn't think could be broken. But when he starts doubting my abilities, and pulling away, simply because he doesn't like what I'm saying, I start to realize maybe we were never as tight as I'd thought. Thompson needs to decide if he wants to protect the past, more than he wants to join me in the future. He thinks I'm just scared of commitment, and so I'm causing trouble. But the reality is, Thompson is the person with one foot out the door. This 50,000+ MM romance Mystery is the THIRD book in my Psychic Detective Mysteries Series. You will want to read book one *Shadow's Edge* and book two *Shadow's Return* first for optimal enjoyment.

A serial killer's daughter uncovers a disturbingly familiar pattern of murder in the New York Times bestselling author's medical thriller. Morgan Ames never expected to survive when she threw herself and her serial killer father off a cliff. She was fine with that—as long as it stopped his killing spree. But after waking up from a coma, she finds herself in a nightmare worse than her father's sadistic tortures: she's trapped in the Pediatric unit at Angels of Hope Rehab Center. Since the authorities know Morgan is only fifteen, she's been made a ward of the hospital until the legal system figures out what to do with her. Fighting for her freedom should be her first priority. But her father wasn't the only serial killer on the loose. Someone is preying on the innocent children of Angels and their families. And only Morgan has what it takes to put a stop to it . . . even if it means sacrificing her own second chance at life.

In this thriller by the New York Times–bestselling author of *Open Grave*, a soccer mom and ex-FBI agent must clear a runaway girl of murder. She's been on the run for almost half her life. Hiding from the law after a thoughtless act of juvenile delinquency goes horribly wrong. "Gone dark" was what they called it, falling so far off the grid, going so deep underground, no one could tie you to your old life. Forget who you are, what you were, where you came from . . . The world has changed since then, has forgiven her crime, has almost forgotten her . . . can Lucy find her to let her know she's free to reclaim her life before she makes another mistake? One that will destroy her life forever. If she leaves the dark, can she survive the light of day? Or is she simply making herself an easy target for an implacable enemy who never forgets or forgives? *Gone Dark* is the tenth Lucy Guardino novel, but they can be read out of order. If you enjoy captivating suspense, intelligent storytelling, strong and vulnerable characters, and a freight-train pace, then you'll love this adrenaline rush of a heart-pounding thriller from "a master of the genre" (*Pittsburgh Magazine*). Praise for the Beacon Falls novels "Combine Dirty Harry with a loving wife and mother and you might end up with Lucy Guardino. Fans of Lyons' hospital-set series will love the change of setting and thrilling pace. . . You won't be able to put this one down." —RT Book Reviews on *Snake Skin* "An action packed thriller from page one! An amazing fast paced story with characters that jump off the page and capture your heart. A must read!" —My Book Addiction on *Blood Stained*
