You wouldn't believe it, but . . . James Earl Jones, the voice of Darth Vader, grew up mute. Michael Jordan was cut from his high school basketball team. Albert Einstein was bullied mercilessly in school. Beethoven's mom almost aborted him. Life takes the strangest sharp turns--and sometimes, U-turns. Robert Petterson--popular speaker, storyteller, and author--has been a student for his entire life of what God is teaching us through those real-life U-turns. In this short book, he compiles amazing stories that teach lessons you won't easily forget. Each entry is written in the rest-of-the-story style popularized by Paul Harvey. Marvel at how God has used the lives of these ordinary people to change the course of human history. (Adapted from The One Year Book of Amazing Stories)

Samuel must find his way in foreign lands and escape from the Chinese Colonel intent on stopping him, as he struggles to forge an authentic path for himself in order to help Tibetans reclaim theirs. "You know 'Dharma'? Dharma means 'The Way.' Each man will have his own way. Each man is ruler of his own way. Each man is his own Dharma King."

CAUTION! DANGER! The work and travel life stories in this book will hardly leave anyone unaffected. Either they would rouse your desire to travel – even if you dislike traveling – or they would awaken the profound desire to become an industrial gypsy – even if you dislike working. You will be out and about with Stephan Thiemonds, experiencing a motley collection of lively, funny, informative and ironic short stories. You'll be traveling through thirteen countries on four continents, from Europe to South America, via Asia, and even to the Antarctic. Along with entertainment, nostalgia and professional knowledge, his stories also offer extraordinary motivation to young people who are often on the look-out for adventurous career options after finishing school, because these stories show a globalized working life from a completely new and fresh perspective. On top of everything, they serve as proof that you can come a long way in this modern age of air travel – at least in terms of distance – with a grounded technical apprenticeship. Are you ready to begin your world-tour?
