God has a specific plan one that is spelled out in the words of the Bible as it reveals progressive information about the beginning, middle, and end of God's covenant and grace. In The New World Order in Genesis 1-9, author Alexandria Parker-Shigemura provides a commentary on God's plan for a new world order and Satan's attempt to usurp God. Through an in-depth, line-by-line analysis of the first nine chapters of Genesis, Parker-Shigemura provides insight into the literal, spiritual, prophetic, and providential prophetic implications of this holy text by discussing the creation and restoration, the source of original sin, the importance of Cain and Abel, the idea of physical death, the big flood, and the ark of salvation. She also explores the power of God and the relationship between God and man. In The New World Order, Parker-Shigemura, who has studied the word of God for more than forty years, communicates the importance of learning God's message in the Bible to better prepare for the new world order. www.alexandriaparker.com

Every boy growing up causes trouble, but not like Mark Dice and his friends. They didn't steal cars, commit armed robberies, or burn down someone's house. Their trouble was different. It was more creative. It still landed them in handcuffs, on the evening news, and for Mark, ultimately getting kicked out of high school making him the talk of his small Wisconsin town. This is a memoir of his wild childhood, his crazy college life, and his adventures in California after he and his friends packed up and headed west in search of their dreams when they were 20-years-old. Some of Mark's

Trouble Included: Painting obscenities consisting of 30-foot tall letters in the snow on the school football field using food coloring mixed with water in a giant weed sprayer, sending hundreds of magazine subscriptions to a teacher and checking the "bill me later" box, replacing the magazines in the school library with pornos, sending a fake college rejection letter to a former friend informing them that the school had changed its mind about enrolling him, police chases, making fake IDs, prank phone calls, joy riding, shoe tossing, running for class president, making crop circles, scamming months' worth of free food, stealing cable TV, printing fake vehicle registration tags, going to jail, and that's just the beginning! After many legal troubles and personal tragedy, Mark was luckily able to manage his unbridled creativity and focus it constructively. Babel Inc. is an essential primer on the politics of globalisation and multiculturalism. Bolton demonstrates that conventional distinctions between the political left and right have been transcended by transnational corporations who regard the remnants of the nation-state as the last hurdle for global domination and the attainment of their "new world order." Babel Inc. is an exposé of multiculturalism as a "social control mechanism" that scorches the earth in preparation for the coming of the rationale of global capitalism: homo globicus. This global man will be at home anywhere in the world because the world will be homogeneously liberal. If that idea seems farfetched now, perhaps at the conclusion of Babel Inc. it will seem less a possibility than a growing reality. The strength of Bolton's book lies not just in his studious research of historical facts, but also in his ability to focus on the theoretical root causes of the problem, i.e., the dynamics of the Enlightenment and its religion of Progress, coupled with the starry-eyed American Puritanism, whose violent and inhumane secular avatars can no longer be ignored. "Dr. Kerry Bolton's book Babel Inc. Multiculturalism, Globalisation, and the New World Order has the potential to be truly explosive." - Mark W. Dyal

know what these symbols mean. The key to understanding the meaning behind these symbols is found in the translation of the Latin phrase "Annuit coeptis novus ordo seclorum" ("Announcing the birth of the New World Order), found on what is known as the Reverse Side of the Great Seal. Historian/author Ralph Epperson has spent many years researching the history of the Great Seal, and has discovered that those who designed the two circles committed America to what has been called "a secret destiny." This future "destiny" is so unpleasant that those who wanted the changes it entails had to conceal that truth in symbols. This book, *The New World Order*, is the amply documented explanation of what those symbols mean. The author is making his research available to the American people so that they may know just what their future is, and so that they can take corrective action. - Back cover.

This book presents the major events of world history at a glance. Five main sections and over 480 main entries - heroic figures, the rise and fall of emperors, kings and tsars, the most important scientific breakthroughs - are packed with facts.

In *Big Brother: The Orwellian Nightmare Come True*, Mark Dice details actual NSA high-tech spy systems, mind-reading machines, secret government projects, and emerging artificial intelligence programs that seem as if they came right out of George Orwell's novel *Nineteen Eighty-Four*. Orwell's famous book was first published in 1949, and tells the story of a nightmarish future where citizens have lost all privacy and are continuously monitored by the omniscient Big Brother surveillance system which keeps them obedient to a totalitarian government. The novel is eerily prophetic as many of the fictional systems of surveillance described have now become a reality. Mark Dice shows you the scary documentation that Big Brother is watching you, and is more

The New World Order and the Destruction of America states how America is morphing and shape-shifting into an ugly communistic state. The author documents the national security risks to America and the threat to America's national sovereignty, reveals the dictatorial powers overcoming American government policy and warns of America's forced subservience to the ruling elite. Though the ruling elite would have us believe that communism is dead, it lives on in America and under the banner of the New World Order and even "Democracy." This book presents the facts and solutions to dispense of the evils, foreign and domestic. Every spring since 1954, a group of approximately one hundred of the world's most powerful businessmen, politicians, media moguls, and international royalty meet in secret for several days to discuss the course of the world. Called the Bilderberg Group after the Bilderberg Hotel in Oosterbeck, Holland where their first meeting was held, this off the record annual gathering is said to be where the globalist puppet masters plot and scheme. Does this group of power elite develop new political, economic, and cultural policies that are then covertly implemented by their underlings? Do they choose who our world leaders will be, including the next president of the United States? Is the Bilderberg Group a shadow government? Are they the Illuminati? Why has the mainstream media had a complete blackout regarding their meetings for decades? Who attends? And who pays for it? Is this "just another conference?" Or, are the "conspiracy theorists" right? What is the evidence? How were they first discovered? What are they doing? And should the public be concerned? Secret society expert Mark Dice will show you the hidden history, financial records, and some of the insider leaks showing how this small group's consensus has staggering effects on the political landscape of the world, global economies, wars, and more, as he uncovers The Bilderberg Group: Facts & Fiction.

a modern discipline and modernity, it reworks the history and composition of criminology in light of September 11th and the prevalence of genocide in modernity. Analyzing statistics, anthropology and the everyday assumptions of criminology's history, this text addresses the political and scholarly grip on the territorial state and the absence of a global criminology. Rejecting the prevalent belief that September 11th and the responses it evoked were exceptions that either destroyed or revealed the absence of global legal order, the author argues that, in fact, they confirm the nature of the world order of modernity. A compelling and topical volume, this is a must read for anyone interested or studying in the areas of criminology and criminal justice.

NASA really go to the Moon, when anomalies in the photographic record suggest otherwise? Could 9/11 really have been set up by agencies within the USA itself? The author opens the conspiracy casebook by examining the mindset of those who believe in conspiracies, and considers whether the dismissive attitude towards them has been fair. Part Two looks into history to establish that when conspiracies do occur, credibility should therefore be given to belief in some of the alleged plots and cover-ups of today. This leads into a well-argued examination of some of the most popular conspiracies of our times, including theories over assassinations, UFO cover-ups, and widely voiced concerns over 9/11 and the 'New World Order'. Part Three draws the conclusion that while not all conspiracy theories can be proven, they do at least draw attention to paths not to take, and can be valuable in helping to create a better world where new trust and hope can be forged. Are we living in a world of control, of oppression, of habitual deception? Is this really how things are, or simply human nature massively distorted through a dark lens? Every spring since 1954, a group of approximately one hundred of the world's most powerful businessmen, politicians, media moguls, and international royalty meet in secret for several days to discuss the course of the world. Called the Bilderberg Group after the Bilderberg Hotel in Oosterbeek, Holland where their first meeting was held, this off the record annual gathering is said to be where the globalist puppet masters plot and scheme. Does this group of power elite develop new political, economic, and cultural policies that are then covertly implemented by their underlings? Do they choose who our world leaders will be, including the next president of the United States? Is the Bilderberg Group a shadow government? Are they the Illuminati? Why has the mainstream media had a complete blackout regarding their meetings for decades? Who attends? And who pays for it? Is this "just another conference?" Or, are the "conspiracy theorists" right? What is the evidence? How were they first discovered? What are they doing? And should the public be concerned? Secret society expert Mark Dice will show you the hidden history, financial records, and some of the insider leaks showing how this small group's consensus has staggering effects on the political landscape of the world, global economies, wars, and more, as he uncovers "*The Bilderberg Group: Facts & Fiction.*"
