A cultural "biography" of Robert Frost's beloved poem, arguably the most popular piece of literature written by an American "Two roads diverged in a yellow wood . . ." One hundred years after its first publication in August 1915, Robert Frost's poem "The Road Not Taken" is so ubiquitous that it's easy to forget that it is, in fact, a poem. Yet poetry it is, and Frost's immortal lines remain unbelievably popular. And yet in spite of this devotion, almost everyone gets the poem hopelessly wrong. David Orr's *The Road Not Taken* dives directly into the controversy, illuminating the poem's enduring greatness while revealing its mystifying contradictions. Widely admired as the poetry columnist for *The New York Times Book Review*, Orr is the perfect guide for lay readers and experts alike. Orr offers a lively look at the poem's cultural influence, its artistic complexity, and its historical journey from the margins of the First World War all the way to its canonical place today as a true masterpiece of American literature. "The Road Not Taken" seems straightforward: a nameless traveler is faced with a choice: two paths forward, with only one to walk. And everyone remembers the

traveler taking “the one less traveled by, / And that has made all the difference.” But for a century readers and critics have fought bitterly over what the poem really says. Is it a paean to triumphant self-assertion, where an individual boldly chooses to live outside conformity? Or a biting commentary on human self-deception, where a person chooses between identical roads and yet later romanticizes the decision as life altering? What Orr artfully reveals is that the poem speaks to both of these impulses, and all the possibilities that lie between them. The poem gives us a portrait of choice without making a decision itself. And in this, “The Road Not Taken” is distinctively American, for the United States is the country of choice in all its ambiguous splendor. Published for the poem’s centennial—along with a new Penguin Classics Deluxe Edition of Frost’s poems, edited and introduced by Orr himself—The Road Not Taken is a treasure for all readers, a triumph of artistic exploration and cultural investigation that sings with its own unforgettably poetic voice.

A series of studies supported the hypotheses that (H1) reflecting on immoral alternatives to one's past behavior can license one to act less virtuously in the future, and that (H2) the motivation to feel or appear virtuous can lead one to invent immoral alternatives to one's past behavior. Supporting H1, when White participants performed a behavior that did vs. did not have a racist alternative,

they felt that they had obtained evidence of their morality (Pilot Study), they expressed less racial sensitivity (Study 1), and, if they had relatively prejudiced racial attitudes, they were more likely to state a preference for hiring Whites instead of Blacks for a particular job (Study 2). Supporting H2, when White participants were motivated to feel non-racist, they remembered a prior task as having afforded more racist alternatives to their behavior (Studies 3-5). Additional support was obtained in the domain of weight-loss. In support of H1, reflecting on unhealthy alternatives to their recent behavior licensed participants to express weaker intentions to pursue their weight-loss goals (Study 6), and, if they habitually placed little restraint on their eating, to consume more of an unhealthy food (Study 7). Supporting H2, the desire to eat an unhealthy food without compunction led participants to construe alternatives to their prior food choices as having been healthier (Study 8). Discussion focuses on moral behavior, self-control, identity concerns, and the motivated rewriting of one's moral history. Includes lists of orders, rules, bills etc.

"Two roads diverged in a wood, and I I took the one less traveled by, And that has made all the difference." These deceptively simple lines from the title poem of this collection suggest Robert Frost at his most representative: the language is simple, clear and colloquial, yet dense with

meaning and wider significance. Drawing upon everyday incidents, common situations and rural imagery, Frost fashioned poetry of great lyrical beauty and potent symbolism. Now a selection of the best of his early works is available in this volume, originally published in 1916 under the title Mountain Interval. Included are many moving and expressive poems: "An Old Man's Winter Night," "In the Home Stretch," "Meeting and Passing," "Putting In the Seed," "A Time to Talk," "The Hill Wife," "The Exposed Nest," "The Sound of Trees" and more. All are reprinted here complete and unabridged. Includes a selection from the Common Core State Standards Initiative: "The Road Not Taken."
