

Understanding Human Sexuality

Janet Hyde

While it may be considered taboo, any woman married, single, or otherwise should feel good about her decision to take a lover. How To Pick a Lover is a groundbreaking book written to help women have meaningful and rewarding love affairs. How do you choose a lover? There are no time-honored rules, Greek chorus, or yenta to tell you what qualities to look for or how to avoid potential minefields. Literature is ripe with cautionary tales about bad things that happen to good women who stoop to the "folly" of taking a lover. And traditionally, a womans sexuality has been secondary to that of a mans. How To Pick a Lover takes you on a journey of self-discovery, exploring your right to emotional and sexual fulfillment including the option of having a lover. Many of your attitudes and beliefs about courting and being courted will be challenged throughout the pages of this book. In return, you will gain insights into the attributes and behaviors of men positive and negative that you must pay attention to if you are to pick a lover that is right for you.

on sexual behavior early childhood sexuality, puberty and adolescence birth control, fertility, conception, and sexual differentiation HIV infection, AIDS, AIDS globalization and sex work Fusing biological, socio-psychological, and cultural influences to offer new perspectives on understanding human sexuality, its development over millions of years of evolution, and how sexuality is embedded in specific socio-cultural contexts, this is the text for educators and students who wish to understand human sexuality in all of its richness and complexity.

**** The first edition (1987) is cited in ARBA 1988 and the Supplement to Sheehy. A guide to the best and most informative books in the English language on the subject of human sexuality, for professionals, scholars, students, and laypeople. This expanded edition contains 1,091 abstracts, including some 500 new titles. The abstracts range in length from 100 to 600 words and are written from an objective viewpoint. Virtually all current, pressing sexual issues are represented, including abortion, AIDS, sexual abuse, incest, rape, and prostitution. The focus of this edition is on the proliferation of books published since 1970, with new material covering works from 1987 on. Annotation copyright by Book News, Inc., Portland, OR

A psychology of women textbook that fully integrates transgender research, issues, and concerns With clear, comprehensive, and cutting-edge coverage, The Psychology of Women and Gender: Half the Human Experience + delivers an authoritative analysis of classical and up-to-date research from a feminist, psychological viewpoint. Authors Nicole M. Else-Quest and Janet Shibley Hyde examine the cultural and biological similarities and differences between genders, noting how these characteristics can affect issues of equality. Students will come away with a strong foundation for understanding the dynamic influences of gender, sexual

THE HUMAN EXPERIENCE, 8E delivers an authoritative analysis of classical and up-to-the-minute research from a feminist psychology viewpoint. It thoroughly examines the balance of cultural and biological similarities (and differences) between the genders, noting how these characteristics may affect issues of equality as well as how men and women behave toward one another. Reflecting the latest developments from the field, the text puts research into context and clearly explains the relationship between gender and emotion--helping to demystify the scientific process and study of feminist psychology. It includes expansive ethnicity coverage, hands-on applications, and case studies that give students further experience with key issues. This proven text equips students with a strong foundation for understanding the influences of gender, race, and ethnicity on psychology and society, as well as strategies for thinking critically about pop culture versus academic feminism as it relates to psychology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines, highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompanys: 9780073382821 .

This text approaches the subject of human sexuality from a psychological perspective. It features information from a variety of disciplines, such as biology, women's studies, sociology, anthropology and health education. The text offers extensive coverage of research and theoretical findings but its informal tone makes it suitable for students at all academic levels.

This edition of The Mammoth Book of Best New Horror comes with another generous sampling of the past year's best horror fiction, earning acclamations from the likes of Kirkus Reviews and Publishers Weekly. With contributions from such favorites as Ramsey Campbell and Kim Newman, along with the talented likes of Neil Gaiman, China Mieville, Graham Joyce, Paul McCauley, Stephen Gallagher, Caitlin R. Kiernan, Jay Russell, Glen Hirshberg and many more, the hair-raising tales in this edition hold nightmares for travelers in alien lands, unveil the mystery and menace lurking in our everyday reality, explore the terrors of the supernatural, and honor horror's classic tradition. Like all of the other volumes in this series, award-winning editor Stephen Jones once again brings us the best new horror, revisiting momentous events and chilling achievements on the dark side of fantasy in 2004. Understanding Human Sexuality has been widely recognized for its comprehensive and multidisciplinary coverage, its commitment to excellent scholarship, inclusion of meaningful and current Canadian content, and its accessibility and ability to engage students. Content is supported by research so that students feel confident that what they are learning is fact-based. Content also represents diversity of human sexuality along many dimensions including age, gender identity, sexual orientation and identity, ethnicity within Canada and in cultures around the world.

Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.
